The image shows three round ottomans of different sizes and colors: a large red one in the top left, a medium orange one in the top right, and a small yellow one in the bottom center. They are all made of a plush material with a quilted pattern of intersecting lines forming a diamond shape. The ottomans are resting on a dark, textured floor.

FINISHES

All Sorts is finished in your choice of contract fabric or leather and features a European style cross stitch detail, with the thread available in a range of colours.

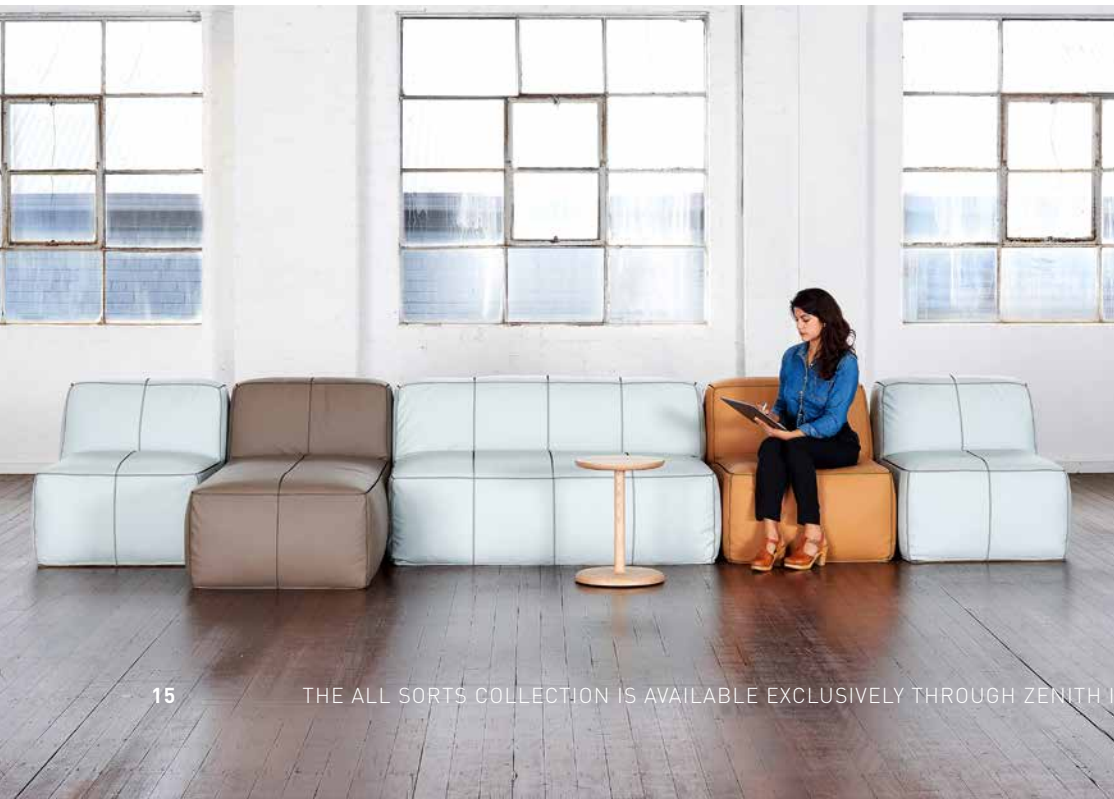

A close-up, low-angle shot of a modern modular sofa. The sofa features large, rectangular cushions in two colors: a light sage green and a vibrant orange. The cushions are arranged in a row, with the orange ones interspersed between the green ones. Each cushion is outlined with a decorative, dark brown or black zigzag stitching pattern. The sofa is positioned on a dark wooden floor. In the background, a blurred interior space with white walls and a doorway is visible, suggesting a minimalist, modern living environment.
